Wide Awake Tower, Electric Funeral

Canada, Purcell Mountains, Bugaboos

In August, Jon Walsh and Michelle Kadatz flew into East Creek Basin and climbed a new route on Wide Awake Tower. The tower is located in the seldom-visited Pigeon Feathers group, and the new, nine-pitch route Electric Funeral (300m, 5.11+) mostly climbs splitter cracks to the right of the original route, Wide Awake (V 5.10+ A2, AAJ 2000), right of the tower's main (southeast) prow.
