### 2025 Shawangunks Annual Summary

New York, Shawangunks

**Mohonk Rangers responded to 20 climbing-related accidents during the 2025 season.** These included five bouldering accidents, eight trad leader falls, one top-rope injury, a climbing bystander injury, three rappel/lowering accidents, and one instance of rockfall. Among these there were multiple broken limbs, several ankle injuries, and no fatalities. (Source: Mohonk Preserve Climbing Rangers.)
